PROGRAM OVERVIEW

For eminent domain practitioners, this annual event is THE place to be. With over 30 presentations in just 2½ days, this conference brings together recognized and experienced professionals representing the various stakeholders in eminent domain disputes. Whether you're an experienced practitioner or new to the field, the array of plenary and concurrent sessions, numerous social events, and personable speakers will ensure that you leave the Big Easy reinvigorated, reconnected, and ready to provide expert counsel to your clients.

This year's panels bring diverse voices to the conversation. With nearly 60 speakers from across the country, you'll get perspectives and insights from the private and public bar, non-profit law firms, appraisers, law professors, trial presentation specialists, investment advisors, and a mediator.

Join us in 2024 in-person or by webcast for one of the best investments you can make in yourself and in your practice. **Register today!**

Full list of topics and speakers available online at www.ali-cle.org/CF004.

“ WHAT PREVIOUS REGISTRANTS HAD TO SAY: ”

"I found the speakers fascinating, and learned a lot about developments in the law as well as issues to keep an eye out for in the future. It was great to see so many familiar faces while having the chance to meet new connections from around the country. I am already looking forward to next year's conference."

"I'm a first-time attendee at this conference. It delivered on the promise of a substantive and relevant CLE for dirt lawyers. Thanks!"

"Consistently the best seminar I attend. My practice is not limited to eminent domain, so I attend seminars in other practice areas. None are even close in terms of practical application."

NETWORKING AND NEW ORLEANS!

"The topics and seminars were great, but the people even better."

The learning experience is only further enhanced by the collegial atmosphere and the unique offerings of the city of New Orleans. With two group luncheons, two receptions, an optional pre-conference excursion, and evening social events, you'll have plentiful opportunities to meet and mingle with the faculty and other registrants throughout the conference. Attendees come back, in person, year after year to make new friendships and renew long-standing ones – in a welcoming environment and amongst others who share the same passion for this area of the law. And then there's **New Orleans**, and all of great music, restaurants, and cultural events anyone could want.

PROGRAM HIGHLIGHTS

- *Tyler v. Hennepin County* and the inside story of the major shift in the Supreme Court's approach to property
- The independent role of state courts in protecting property rights
- The rewards of breaking out of your old routine (*ethics*)
- Owner testimony, severance damages, and the role of state substantive property law in Natural Gas Act takings cases
- *Barron v. Baltimore* (1833): How the Supreme Court's first major takings case diminished the Bill of Rights
- Demystifying appraisal practice for juries and clients
- Determining highest and best use in an area of urban renewal
- Visual storytelling and shaping your case with creative demonstratives
- Legal and appraisal problems with unique or scarce real property assets
