COMPLAINT

INTRODUCTION

1. Plaintiff, the City of Margate (“**Margate**” or the “**City**”), brings this action to enjoin Defendants, the United States Army Corps of Engineers (the “**Corps**”) and the New Jersey Department of Environmental Protection (“**DEP**”) (collectively “**Defendants**”), from contracting with third parties to trespass on Margate’s property. The manner in which Defendants have proceeded violates the rights of the people of Margate under the United States Constitution, the New Jersey Constitution, New Jersey state law and common law.

2. Beginning on October 22, 2012, Hurricane (Superstorm) Sandy formed and then migrated from the western Caribbean Sea northward, hitting the shores of New Jersey on or about October 28, 2012.

3. Although the consequences of Sandy have led to nearly universal agreement that New Jersey needs to implement better storm protection strategies, identical remedies are obviously not appropriate in all communities.

4. Understanding the unique geological and topographic characteristics of Margate, such as its existing and extensive system of bulkheads--which successfully prevented catastrophic damage to the City as a result of Sandy, Margate has attempted to present and advocate for alternative storm prevention strategies that they believe are more protective and cost-effective for the city.

5. The Corps and the DEP have chosen not to consider these alternatives.

6. Prior to Hurricane Sandy, in 1996, the Defendants' conceived the Absecon Island Coastal Storm Risk Reduction Project (the "**Project**") to assess and implement ways to reduce storm damage and minimize shoreline erosion in coastal New Jersey.

7. The Defendants have periodically implemented portions of the Project throughout New Jersey, but they have not yet begun the portion of the Project that calls for the construction of sand dunes on Margate's beaches.

8. Cognizant of Margate's objection, the Defendants purported to condemn Margate's property without following any lawful procedure, and to aggressively move the Project forward without permitting Margate any opportunity to object either to the manner in which the DEP allegedly acquired an interest in the City's property or to the nature of the Project to be constructed on that property.

9. Margate expects that within one week, the Defendants will trespass onto land owned by Margate to construct a 3-mile long stretch of 12.75-foot high, 25-foot wide sand dunes on Margate's beaches despite Margate's unequivocal protestations.

10. Margate therefore brings this action to protect its beaches from this imminent and unlawful intrusion.

THE PARTIES

11. Margate is a city in the State of New Jersey. Margate has filed this action following a referendum in which a majority of the city's citizens voted to initiate legal action to stop the Defendants from illegally constructing sand dunes on Margate's beaches.

12. The Corps is a federal agency under the United States Department of Defense.

13. The DEP is an administrative agency of the State of New Jersey.

JURISDICTION AND VENUE

14. This Court has original jurisdiction under United States Constitution Article III, § Two, Clause One over all cases to which the United States, including federal agencies such as the Corps, is a party.

15. This Court also has jurisdiction pursuant to 28 U.S.C. § 1331 because Margate's claims arise under the Takings Clause and the Due Process Clause of the United States Constitution.

16. This Court also has jurisdiction over Margate's claim against the Corps pursuant to the Administrative Procedures Act, 5 U.S.C. §§ 702, 706(2)(A), (B) and (D).

17. This Court has supplemental jurisdiction and/or pendant party jurisdiction over state law claims asserted by Margate against the Defendants because those claims arise from a common nucleus of operative facts as Margate's claims against the Corps and its federal question claims against the DEP.

18. Venue is proper in this District because Margate's claims arose in this District.

FACTUAL BACKGROUND

19. Following Hurricane Sandy, the State of New Jersey began aggressively implementing storm protection measures that had originally been conceived nearly 20 years previously as part of the Project.

20. The State of New Jersey, however, wished to avoid the mandatory condemnation process set forth in the Eminent Domain Act of 1971 (the “Act”), N.S.J.A. 20:3-1 *et seq.*, which is intended to foster pre-condemnation negotiations between the State and the condemnee and to protect the condemnee’s rights under the United States and the New Jersey Constitutions.

21. To avoid that process, the DEP and the Corps began seeking voluntary easements from beachfront landowners along the New Jersey coast, including from individual residents and from municipalities.

22. The purpose of this process was to obtain permanent easements in favor of the DEP, which signed Project Participation Agreements with the Corps to construct sand dunes along the New Jersey coast, including in Margate.

23. Many citizens and several municipalities disputed the effectiveness and propriety of the Project, in particular its use of sand dunes, and they therefore refused to voluntarily grant permanent easements to the DEP.

24. Margate was, and remains, among those municipalities that have refused to grant the requested easements. Margate’s opposition, however, is not merely a reflection of the views of its Commissioners or its Mayor. Margate’s opposition derives directly, and overwhelmingly, from its citizens.

25. In August 2013, the citizens of Margate formed Margate Citizens Questioning the Beach Project (“MCQBP”). *See* <http://www.mcqbp.org/about.html>. The stated mission of MCQBP is to educate and inform Margate citizens of the reasons to stop the Project “and to SAVE MARGATE beaches.” *Id.*

26. As opposition to the Project grew, the State of New Jersey’s insistence that the Project be implemented increased.

27. On September 25, 2013, Governor Chris Christie issued Executed Order No. 140 (“EO 140”), a copy of which is attached as Exhibit “A.”

28. In EO 140, Governor Christie ordered the DEP to create an Office of Flood Hazard Risk Reduction Measures to “lead and coordinate the efforts of the DEP to acquire the necessary interests in real property to undertake Flood Hazard Risk Reduction Measures...”. Invoking the State’s eminent domain powers in N.J.S.A. § 20:3-1 *et seq.*, the DEP’s eminent domain powers in N.J.S.A. § 12:3-64, and the municipal condemnation authority in N.J.S.A. App. A:9-15, Governor Christie further ordered the Attorney General of the State of New Jersey to “immediately take action to coordinate those legal proceedings necessary to acquire the necessary easements or other interests in real property for the [Project].” *Id.*

29. Neither the New Jersey Office of the Attorney General (the “NJAG”) nor the DEP followed Governor Christie’s direction to implement required legal proceedings prior to condemnation.

30. Instead, the DEP continued to request voluntary easements from individuals and municipalities, including from Margate.

31. To ascertain the true will of its Citizens to guide the decision as to whether to grant easements, on November 4, 2013, Margate put to referendum the question of whether its citizens supported the Project.

32. A nearly 70% majority (1,502 to 792) of Margate’s citizens voted against the construction of dunes on Margate’s municipally-owned shorefront property.

33. Thereafter, Margate continued to decline to grant voluntary easements to the DEP. Still, the DEP and the NJAG refrained from initiating condemnation proceedings.

34. On June 23, 2014, the DEP and the Corps entered into a Project Partnership Agreement to complete construction of the Project in, among other places, Margate.

35. Project commencement appearing imminent, Margate began to solicit guidance on how it might address the differing views of the DEP and the citizens of Margate.

36. In late August and early September 2014, Margate commenced a dialogue with the DEP. Both parties appeared willing to negotiate in good faith for the purpose of trying to reach a mutually acceptable resolution without resort to litigation.

37. On September 11, 2014, the Corps issued a request for proposal for the Project component that includes the construction of sand dunes in Margate. Still, the DEP appeared willing and eager to engage in negotiations.

38. Prior to the parties having been able to hold any negotiations, on October 1, 2014, the DEP abruptly ceased seeking voluntary easements from Margate. Rather than following the mandate of EO 140 and initiating condemnation proceedings, as required by law, the DEP attempted to condemn Margate's property by simply filing in the Atlantic County Clerk's Office three "Administrative Orders."

39. Administrative Orders No. 2014-13, 2014-14 and 2014-15 (the "**Administrative Orders**") (attached as Exhibit "B") invoke EO 140 and N.J.S.A. 12:3-64 and purport to take permanent easements in Margate's coastal property for the purpose of construction sand dunes in furtherance of the Project.

40. Specifically, the Administrative Orders states that "the State [of New Jersey] is the Non-Federal Sponsor for the Project pursuant to the [Project Placement Agreement] and is responsible for obtaining necessary real estate interests." Administrative Order 2014-13 at p. 2. "...[T]he United States Army Corps of Engineers, in coordinate with the State of New Jersey, is

scheduled to begin construction of the Project in the City of Margate and the Borough of Longport in or about December, 2014” *Id.* “[P]rior to construction, the United State Army Corps of Engineers requires that the State provide the easements and/or other real property interests that are necessary to construct and maintain the Project.” *Id.* “[I]f the State does not obtain all required easements and/or other real property interests in the City of Margate, the [Corps] cannot construct the [Project] in both the City of Margate and the Borough of Longport.” *Id.*

41. Unable to acquire the necessary property interests by agreement and unwilling to follow the constitutionally required process set forth in the Act, the DEP, through the Administrative Orders, purportedly “*immediately* enters upon and takes real property interests in those parcels set forth in Exhibit A.” *Id.* at p. 3. (emphasis added). Though the Act and the constitutional rights guarded thereby require negotiations and other process prior to condemnation, the Administrative Orders state that “[a]ppraisals and good faith negotiations for any compensation due to the City of Margate for such parcels for the interests taken shall be undertaken in a manner not inconsistent with the procedures set out in the [Act] and applicable case law within a reasonable amount of time.” *Id.*

42. Thus, the DEP purported to immediately acquire portions of Margate’s beaches without negotiating with the City or giving it any opportunity to be heard for any reason.

43. When Margate learned of the Administrative Orders, it was concerned that the DEP no longer intended to engage in good faith negotiations, as the parties had seemingly been pursuing.

44. Margate voiced its objection to the Administrative Orders to the DEP, and it inquired whether the Administrative Orders were an indication that no negotiations would occur. The DEP represented that it still intended to negotiate.

45. Margate, concerned that participating in the impending negotiations without having protected its rights with respect to the Administrative Orders, requested that the parties enter into a Standstill and Tolling Agreement.

46. On October 2, 2014, the DEP and Margate entered into a Tolling and Standstill Agreement, a copy of which is attached as Exhibit "C."

47. The Tolling and Standstill Agreement formally placed the DEP on notice of Margate's objection to the Administrative Orders as valid takings and preserved all rights, causes of action and defenses that Margate might have.

48. Still not having had any opportunity to participate in any negotiations, Margate grew increasingly concerned that the Corps, despite Margate's objection to the Administrative Orders, appeared to be moving ahead with the Project.

49. On October 28, 2014, Margate, through counsel, sent a letter to Keith Watson, Project Manager, advising the Corps of Margate's objection to the Administrative Orders and of the Tolling and Standstill Agreement between Margate and the DEP. The Corps did not respond to this letter.

50. On October 30, 2014, the Corps opened bids related to the Project.

51. On November 4, 2014, Margate's citizens participated in a second Project-related referendum. Margate's citizens voted 1,067 – 988 in favor of bringing legal action to stop the construction of dunes on its beaches.

52. Margate, still hoping in earnest to avoid litigation, endeavored to determine whether the Corps would refrain from awarding the Project contract (the “**Contract**”) until the DEP and Margate had at least had the opportunity to meet and negotiate. Indeed, negotiations sessions had been initially scheduled, and the parties were in the midst of attempting to reschedule a meeting for mid-November.

53. On November 7, 2014, Margate, through counsel, sent a letter to the Corps General Counsel in its Philadelphia Office, Bill Wilcox, Esquire (“**Wilcox**”), advising the Corp that the DEP’s and Margate’s dispute had not been resolved but that the parties were in the process of scheduling negotiation sessions. Recognizing that the awarding of a Project Contract and commencement of construction would seriously undermine such sessions, Margate stated as follows: “Please advise us as soon as possible if the Corps intends to move forward with the process of awarding and, ultimately, executing a contract for the Project. Though the City remains optimistic that a settlement can be reached, these facts will necessarily impact the landscape upon which the parties have been attempting to reach an amicable resolution.”

54. The Corps did not respond to Margate’s letter.

55. On November 12, 2014, the Corps posted an Abstract comparing bids received for the Project.

56. On November 19, 2014, still not having received any response from the Corps, Margate’s counsel called Wilcox to inquire as to the reason for the Corps’ lack of a response and to determine whether the Corps intended to award a Project contract notwithstanding Margate’s dispute with the DEP concerning the effect of the Administrative Orders.

57. Wilcox informed Margate's attorney that the Corps was satisfied with the DEP's certification that it had acquired Margate's property by virtue of the Administrative Orders, and the Corps would therefore proceed to award the contract "soon. Not today, but soon."

58. Still hopeful that it could protect its rights while pursuing good faith negotiations with the DEP, Margate immediately began attempting to contact the NJAG to determine whether it would instruct the Corps to await awarding the Contract until the parties had at least had an opportunity to have an initial meeting.

59. Despite numerous attempts between November 19-24, including this morning, Margate has not been able to have any meaningful discussion with the NJAG.

60. Not having any response from the NJAG, and based upon Mr. Wilcox's representation, a Contract award and commencement of construction is imminent.

61. In fact, based on the statements of Wilcox, the silence of the NJAG and the language of the Administrative Orders themselves, the Corps will likely award the Contract and start construction within the next seven days.

COUNT I

Margate v. the Corps

Declaratory Judgment that Contract Award and Commencement of Construction Constitute a Violation of Margate's Rights Under the United States and the New Jersey Constitution, a Trespass to Property and a Violation of New Jersey State Law

62. The foregoing paragraphs are incorporated by reference.

63. The Declaratory Judgment Act, 28 U.S.C. § 2201 states: "In a case of actual controversy within its jurisdiction ... any court of the United States, upon the filing of an appropriate pleading, may declare the rights and other legal relations of any interested party seeking such declaration, whether or not further relief is or could be sought."

64. An actual case or controversy exists as between the Corps and Margate because the Corps intends within the next week to award the Contract and commence construction of sand dunes on Margate's beaches despite Margate's vehement objection.

65. The Corps' awarding of the Contract and construction of dunes on Margate's property violates the rights of the citizens of Margate under the Takings Clause and the Due Process Clause of the United States Constitution, as well as under corollary provisions of the New Jersey state constitution.

66. The Corps' awarding of the Contract and construction of dunes on Margate's property also constitutes an unlawful trespass upon Margate's property, as Margate objects and neither the Corps nor the DEP have utilized any lawful process to obtain title to the property to be entered.

67. Margate has an interest in protecting its real property rights.

68. All necessary parties have been joined in this action.

69. Margate will be damaged irreparably if the Corps is not enjoined from proceeding as planned.

WHEREFORE, Margate respectfully requests relief as follows: (a) that the Court preliminarily enjoin the Corps from awarding the Contract and from entering upon Margate's property to commence construction or for any other purpose; (b) that the Court issue a declaratory judgment that the Corps' awarding the Contract and commencement of construction upon Margate's property would violate Margate's rights under the United States and New Jersey Constitutions, would constitute an unlawful trespass and would otherwise violate New Jersey state law; and (c) that the Court order such other relief as it deems appropriate.

COUNT II

Margate v. DEP

Declaratory Judgment that the Administrative Orders are Invalid and of No Legal Effect

70. The foregoing paragraphs are incorporated by reference.

71. An actual case or controversy exists as between the DEP and Margate because the Corps, pursuant to its Project Participation Agreement with the DEP, intends within the next week to award the Contract and commence construction of sand dunes on Margate's beaches despite Margate's vehement objection.

72. The Eminent Domain Act of 1971 (the "Act") sets forth the requirements by which the State, or any statutorily empowered entity, may exercise its eminent domain powers to acquire property.

73. Under the Act, a condemnor must, prior to instituting condemnation proceedings, attempt to acquire the property at issue through bona fide negotiations, "which negotiations shall include an offer in writing by the condemnor to the prospective condemnee ... setting forth the property and interest therein to be acquired, the compensation offered to be paid and a reasonable disclosure of the manner in which the amount of such offered compensation has been calculated, and such other matters as may be required by the rules. Prior to such offer the taking agency shall appraise said property and the owner shall be given an opportunity to accompany the appraiser during inspection of the property." N.J.S.A. § 20:3-6.

74. Thereafter, the condemnor must give the condemnee 14 days to accept or reject the offer. N.J.S.A. § 20:3-6.

75. If the condemnee fails to respond or rejects the offer, a condemnation action "shall be instituted by filing a verified complaint in form and content specified by the rules and shall demand judgment that condemnor is duly vested with and has duly exercised its authority

to acquire the property being condemned, and for an order appointing commissioners to fix the compensation required to be paid.” N.J.S.A. § 20:3-6.

76. The DEP has failed to comply with the foregoing requirements, as well as with all other requirements contained in the Act. The DEP has failed to conduct required negotiations, failed to make any offer and has failed to file any complaint.

77. Instead, the DEP has taken the position that it may circumvent the entirety of the Act by way of the Administrative Orders.

78. The Administrative Orders, however, are invalid for at least the following reasons:

a. A taking effectuated by the Administrative Orders would violate the Takings Clause and the Due Process Clause of the United States Constitution, as well as the corollary provision of the New Jersey constitution because the DEP failed to follow the condemnation procedures required under N.J.S.A. § 20:3-1 *et seq.*

b. N.J.S.A. § 12:3-64 requires the DEP to comply with N.J.S.A. § 20:3-1 *et seq.* and prohibits the DEP from acquiring a permanent easement, on contrast to a fee simple interest, in real property.

c. Executive Order No. 140 required the DEP to comply with N.J.S.A. § 20:3-1 *et seq.* and N.J.S.A. § 12:3-64, and the Separation of Powers doctrine precludes an alternative construction.

d. The DEP’s exercise of its eminent domain authority in this instance is arbitrary and capricious because the Project fails to account for Margate’s contiguous, uninterrupted bulkhead system (which functioned well during Hurricane Sandy), it fails to consider that an identical or superior result could have been achieved by widening

and/or heightening the beach berm in lieu of constructing dunes, it fails to account for issues related to street-end drainage that will be created by the proposed dunes, it imposes upon Margate untold, unending maintenance obligations, likely to cost in excess of \$500,000 annually, concerning the dunes and, finally, because the DEP employed an illegal and bad faith means of effectuating the purported taking – the Administrative Orders.

79. Margate has an interest in protecting its real property rights.

80. All necessary parties have been joined.

81. Margate will be damaged irreparably if the Corps and the DEP are not enjoined from proceeding as planned.

WHEREFORE, Margate respectfully requests relief as follows: (a) that the Court preliminarily enjoin the Corps and the DEP from awarding the Contract and from entering upon Margate's property to commence construction or for any other purpose; (b) that the Court issue a declaratory judgment declaring that the Administrative Orders are void and therefore have no legal effect; and (c) that the Court order such other relief as it deems appropriate.

COUNT III

Margate v. Defendants

Preliminary Injunctive Relief

82. The foregoing paragraphs are incorporated by reference.

83. Margate is likely to succeed on the merits for the reasons set forth in Counts I and II.

84. A denial of the requested injunctive relief will result in irreparable harm because the Corps and DEP have violated, and will further violate, the rights of the citizens of Margate under the United States Constitution, the New Jersey Constitution and the Act.

85. A denial of the requested injunctive relief will also presumptively result in irreparable harm because, by virtue of the Takings Clause and the Due Process Clause of the United States Constitution, corollary provisions of the New Jersey constitution and the Act, this case is imbued with a public interest which has been codified by law and the violation of which entitles a movant, under the Act, to preliminary injunctive relief even absent irreparable harm.

86. A denial of the requested injunctive relief will also result in irreparable harm because it respects Margate's rights in unique real property, namely its coastal beaches.

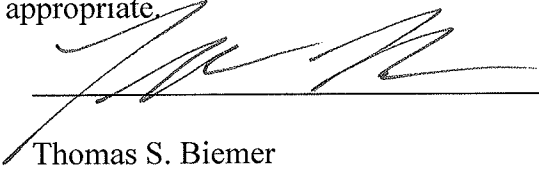

87. Granting the injunction will not harm the Defendants, as Margate asks only that the status quo be maintained pending a determination in this action. The status quo is that no contract has been awarded and construction of dunes upon Margate's beaches has not commenced.

88. The injunction sought is in the public interest. It is within the public interest to ensure that federal and state agencies act within the limits set by the United States and New Jersey Constitutions, respectively, as well as within their statutorily granted powers. Moreover, the citizens of Margate have expressly voted against the construction of dunes on Margate's beaches. The Corps' and the DEP's actions in violation of law and in violation of the will of the citizens of Margate must therefore be enjoined to protect the public interest.

89. The Court should exercise its discretion and not require the posting of any security upon the issuance of temporary restraints.

WHEREFORE, Margate respectfully requests a temporary restraining order and preliminary injunction enjoining enjoin the Corps and the DEP from awarding the Contract and from entering upon Margate's property to commence construction or for any other purpose, together with such other relief as the Court deems appropriate.

☒ Governor Chris Christie (2010 Part II)

→→ **Executive Order No. 140 (2013) Orders and Directs Attorney General to Coordinate Acquisition of Easements; Creates Office of Flood Hazard Risk Reduction Measures to Lead Effort**

Issued: September 25, 2013.

Effective: September 25 2013.

WHEREAS, beginning on October 28, 2012, and continuing through October 30, 2012, Superstorm Sandy struck the State of New Jersey, causing unprecedented damage and destruction; and

WHEREAS, oceanfront and other flood-prone communities lacking the benefits of flood hazard risk reduction measures including protective sand dunes, berms, and engineered beaches (collectively “Flood Hazard Risk Reduction Measures”) experienced significantly more catastrophic damage than surrounding communities; and

WHEREAS, recognizing the dangers posed by the absence of Flood Hazard Risk Reduction Measures, the United States Congress appropriated funds for the creation, improvement, and reconstruction of these important protections; and

WHEREAS, working collaboratively with the United States Army Corps of Engineers, New Jersey has begun the process of designing Flood Hazard Risk Reduction Measures for appropriate areas of the New Jersey coastline; and

WHEREAS, these essential Flood Hazard Risk Reduction Measures must be comprehensively constructed across the areas impacted by Superstorm Sandy and throughout the regions at risk for similar damage from future storms; and

WHEREAS, some of the land on which this system of Flood Hazard Risk Reduction Measures must be built is privately owned; and

WHEREAS, recognizing the clear and quantifiable benefit that Flood Hazard Risk Reduction Measures confer on their property, as well as their families, neighbors, and communities, many oceanfront property owners have voluntarily granted easements for the construction of Flood Hazard Risk Reduction Measures; and

WHEREAS, despite the responsible actions of these many property owners, other residents have frustrated the State's rebuilding and resiliency plans by refusing to grant easements, thereby jeopardizing the construction of Flood Hazard

Risk Reduction Measures for all of New Jersey's citizens, undermining the essential benefits of these systems, and subjecting entire communities to unnecessary risks and dangers; and

WHEREAS, these recalcitrant property owners have had ample time and notice to voluntarily agree to grant these easements to help to ensure the health, safety, and welfare of their communities; and

WHEREAS, the continued absence of Flood Hazard Risk Reduction Measures in coastal communities creates an imminent threat to life, property, and the health, safety, and welfare of those communities; and

WHEREAS, the Constitution and statutes of the State of New Jersey, particularly the provisions of N.J.S.A. App. A:9-33, et seq., N.J.S.A. 38A:3-6.1, and N.J.S.A. 38A:2-4, and all amendments and supplements thereto, confer upon the Governor of the State of New Jersey certain emergency powers; and

WHEREAS, in light of the significant and widespread dangers posed by Superstorm Sandy, and in order to protect the health, safety, and welfare of the people of the State of New Jersey, on October 27, 2012, I signed Executive Order No. 104 declaring and proclaiming that a State of Emergency exists in the State of New Jersey; and

WHEREAS, in Executive Order No. 104, and in accordance with N.J.S.A. App. A:9-34 and -51, I expressly reserved the right to utilize and employ all available resources of the State government and of each and every political subdivision of the State, whether of persons, properties, or instrumentalities, and to commandeer and utilize any personal services and any privately owned property necessary to protect against this emergency; and

WHEREAS, employing the procedures set out in N.J.S.A. 20:3-1 et seq., public entities are empowered to condemn private property for public purposes, including the creation of Flood Hazard Risk Reduction Measures; and

WHEREAS, pursuant to N.J.S.A. 12:3-64, the New Jersey Department of Environmental Protection ("DEP") is authorized to acquire any lands in the State that it deems advisable, and may enter upon and take property in advance of making compensation therefore where for any reason it cannot acquire the property by agreement with the owner; and

WHEREAS, pursuant to N.J.S.A. App. A:9-51.5, municipalities are authorized to enter upon and take possession and control of property necessary for the construction of Flood Hazard Risk Reduction Measures; and

WHEREAS, all of the aforementioned authority is necessary to protect the public health, safety, and welfare from future natural disasters; and

WHEREAS, in order to ensure the prompt and coordinated acquisition of easements or other interests in real property necessary to facilitate the timely completion of a comprehensive system of Flood Hazard Risk Reduction Measures, it is necessary to create a single State entity responsible for the rapid acquisition of property vital to these reconstruction efforts;

N.J. Admin. Code Executive Order No. 140 (2013)

NOW, THEREFORE, I, CHRIS CHRISTIE, Governor of the State of New Jersey, by virtue of the authority vested in me by the Constitution and the statutes of this State, do hereby ORDER and DIRECT:

1. The Commissioner of Environmental Protection shall create in the DEP the Office of Flood Hazard Risk Reduction Measures (the "Office"). The Office shall be headed by a Director appointed by the Commissioner to serve at the Commissioner's pleasure and who shall report to the Commissioner on the work of the Office. The Office shall lead and coordinate the efforts of the DEP to acquire the necessary interests in real property to undertake Flood Hazard Risk Reduction Measures and shall perform such other duties as the Commissioner may from time to time prescribe.

2. The Attorney General of the State of New Jersey, in conjunction with the Office, shall immediately take action to coordinate those legal proceedings necessary to acquire the necessary easements or other interests in real property for the system of Flood Hazard Risk Reduction Measures.

3. The Office is authorized to call upon any department, office, division, or agency of this State for information or assistance as deemed necessary to discharge the duties of the Office. Each department, office, division, or agency is hereby required, to cooperate with the Office and to provide such assistance as is necessary to accomplish the purpose of this Order. Notwithstanding anything in this Order to the contrary, the Office shall not supplant the function of any department, office, division, or agency.

4. No municipality, county, or any other agency or political subdivision of this State shall enact or enforce any order, rule, regulation, ordinance, or resolution, which will or might in any way conflict with any of the provisions of this Order, or which will in any way interfere with or impede its achievement.

5. This Order shall take effect immediately.

ADMINISTRATIVE ORDER NO. 2014-13

WHEREAS, beginning on October 28, 2012, and continuing through October 30, 2012, Superstorm Sandy struck the State of New Jersey, causing unprecedented damage and destruction; and

WHEREAS, oceanfront and other flood-prone communities lacking the benefits of flood hazard risk reduction measures experienced significantly more catastrophic damage than did surrounding communities that had such protective measures; and

WHEREAS, by Executive Order No. 104, dated October 27, 2012, Governor Christie declared and proclaimed that a State of Emergency exists in the State of New Jersey; and

WHEREAS, Executive Order No. 104 remains in effect; and

WHEREAS, by Executive Order No. 140, dated September 25, 2013, Governor Christie declared that the continued absence of flood hazard risk reduction measures in coastal communities creates an imminent threat to life, property, and the health, safety, and welfare of those communities; and

WHEREAS, N.J.S.A. 12:3-64 empowers the New Jersey Department of Environmental Protection to enter upon and take property in advance of making compensation therefor where for any reason it cannot acquire the property by agreement with the owner; and

WHEREAS, in Executive Order No. 140 Governor Christie declared that the New Jersey Department of Environmental Protection should rely on the statutory powers of N.J.S.A. 12:3-64 whenever it deems it appropriate to ensure the construction of flood hazard risk reduction measures; and

WHEREAS, in Executive Order No. 140 Governor Christie ordered and directed the New Jersey Department of Environmental Protection, through its Office of Flood Hazard Risk Reduction Measures, to lead and coordinate the acquisition of the necessary interests in real property to undertake flood hazard risk reduction measures; and

WHEREAS, in Executive Order No. 140 Governor Christie ordered and directed that no municipality, county, or any other agency or political subdivision of this State shall enact or enforce any order, rule, regulation, ordinance, or resolution, which will or might in any way conflict with any of the provisions of that Order, or which will in any way interfere with or impede its achievement; and

WHEREAS, Executive Order No. 140 remains in effect; and

WHEREAS, the State and the United States Army Corps of Engineers signed a Project Partnership Agreement (PPA) on June 23, 2014 for the Brigantine Inlet to Great Egg Harbor Inlet – Absecon Island, New Jersey Hurricane and Storm Damage Reduction Project (the Project) for the construction, operation, and maintenance of the Project; and

WHEREAS, the State is the Non-Federal Sponsor for the Project pursuant to the PPA and is responsible for obtaining necessary real estate interests; and

WHEREAS, on June 27, 2014, the United States Army Corps of Engineers formally issued a Notice to Proceed with acquisition of all necessary real estate for the project; and

WHEREAS, the United States Army Corps of Engineers, in coordination with the State of New Jersey, is scheduled to begin construction of the Project in the City of Margate and the Borough of Longport in or about December, 2014; and

WHEREAS, prior to construction, the United States Army Corps of Engineers requires that the State provide the easements and/or other real property interests that are necessary to construct and maintain the Project; and

WHEREAS, if the State does not obtain all required easements and/or other real property interests in the City of Margate, the United States Army Corps of Engineers cannot construct the flood hazard reduction measures in both the City of Margate and the Borough of Longport; and

WHEREAS, to date, the City of Margate has not transferred to the State the real property interests owned or controlled by the City of Margate listed and attached hereto as *Exhibit A* necessary for the construction of the Project, thereby jeopardizing construction of the Project in not only the City of Margate but also the Borough of Longport, and threatening the public health, safety, and welfare of both communities; and

WHEREAS, such real estate property interests owned or controlled by the City of Margate that are required for the Project include both municipal property and public right-of-ways, which extend from existing streets or streets depicted only on maps into the proposed Project area, as depicted on the attached survey shown in *Exhibit B*; and

WHEREAS, public officials of the City of Margate, in defiance of Executive Order No. 140, have refused to cooperate with the New Jersey Department of Environmental Protection Office of Flood Hazard Risk Reduction Measures in its efforts to obtain the necessary real property interests; and

WHEREAS, there is an immediate need for flood hazard risk reduction measures and the State has not been able to obtain the necessary municipal real property interests or the public right of ways from the City of Margate; and

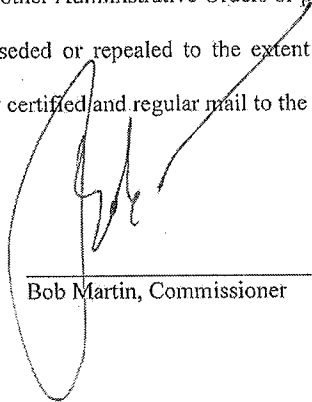

WHEREAS, the immediate acquisition of the real property interests described in *Exhibit A* is necessary to commence construction of the Project in the City of Margate and the Borough of Longport, as well as to the continued protection of the public health, safety, and welfare of both communities; and

NOW THEREFORE, I, Bob Martin, Commissioner of the New Jersey Department of Environmental Protection, by virtue of the powers vested in me by the Constitution and statutes of this State, as well as the authority conferred on me by Executive Order No. 140, do hereby declare and order as follows:

1. The New Jersey Department of Environmental Protection Office of Flood Hazard Risk Reduction Measures hereby immediately enters upon and takes real property interest(s) in those parcels set forth in *Exhibit A*; and
2. An actual metes and bounds survey depicting the municipal real property interest(s) taken pursuant to this Administrative Order is attached hereto as *Exhibit B*; and
3. The nature of the real property interest(s) taken pursuant to this Administrative Order shall conform with those interest(s) described in the form Deed of Easement attached hereto as *Exhibit C* for the municipal property, as *Exhibit D* for the public right-of-ways, and as *Exhibit E* for temporary construction easements over municipal property, and
4. Appraisals and good faith negotiations for any compensation due to the City of Margate for such parcels for the interest(s) taken shall be undertaken in a manner not inconsistent with the procedures set out in the New Jersey Eminent Domain Act, N.J.S.A. 20:3-1 et seq. and applicable case law within a reasonable amount of time.

THIS ORDER shall take effect immediately. All other Administrative Orders or portions thereof that are inconsistent herewith are hereby superseded or repealed to the extent of the inconsistency. A copy of this Order shall be delivered by certified and regular mail to the City of Margate.

DEED OF DEDICATION AND PERPETUAL STORM

DAMAGE REDUCTION EASEMENT

THIS DEED OF DEDICATION AND PERPETUAL STORM DAMAGE REDUCTION EASEMENT is made this ____ day of _____ 2014 BY AND

BETWEEN

whose address is

referred to herein as Grantor,

AND

THE STATE OF NEW JERSEY referred to herein collectively as the Grantee,

WITNESSETH

WHEREAS, Grantor is the owner of that certain tract of land, located in the City of Margate, County of Atlantic, State of New Jersey, and identified as those Blocks and Lots listed in Appendix A, on the official tax map of the City of Margate, hereinafter the "Property," and Grantor holds the requisite interest to grant this Deed of Easement; and

WHEREAS, the Grantee recognizes that the beach at the City of Margate, New Jersey is subject to constant erosion and degradation, thereby destroying a valuable natural resource and threatening the safety and property of the Grantor and of all of the citizens of the State; and,

WHEREAS, the Grantee desires to participate with the United States Army Corps of Engineers to construct **Brigantine Inlet to Great Egg Harbor Inlet - Absecon Island, New Jersey, Hurricane and Storm Damage Reduction Project**, as defined in the June 23, 2014 Project Partnership Agreement between the Department of the Army and the State of New Jersey, hereinafter "Project"; and,

WHEREAS, construction of the Project includes periodic renourishment, which may be performed solely by the Grantee or in conjunction with the United States Army Corps of Engineers; and,

WHEREAS, in order to accomplish part of the Project, Grantee needs a Perpetual Storm Damage Reduction Easement on portions of said Property herein described; and,

WHEREAS, the United States Army Corps of Engineers will not participate in the Project unless the Grantee acquires the real property interest herein described in all real property needed for the Project; and,

WHEREAS, the Grantee shall instruct the City of Margate to consider this Deed of Easement in establishing the full assessed value of any lands subject to such restriction; and

WHEREAS, the Grantor desires to cooperate in allowing the Project to take place on a portion of said Property; and,

WHEREAS, the Grantor acknowledges that it will benefit from the successful implementation of the Project; and,

WHEREAS, the Grantor acknowledges that after successful implementation of the Project the beach and dune are still subject to the forces of nature which can result in both erosion and accretion of the beach and dune; and,

NOW, THEREFORE, in consideration for the benefits to be received by the Grantor from the successful implementation of the Project, the Grantor grants and conveys to Grantee an irrevocable, assignable, perpetual and permanent easement as set forth herein:

GRANT OF EASEMENT: A perpetual and assignable easement and right-of-way for the Brigantine Inlet to Great Egg Harbor Inlet - Absecon Island, New Jersey, Hurricane and Storm Damage Reduction Project, in, on, over and across that land of the municipal Property described as **Block(s)** ____, **Lot(s)** ____ listed in Appendix A and depicted on the map entitled "Perpetual Easement Parcel Map In the City of Margate" dated July 22, 2014 as prepared by Consulting Engineering Services which is attached as Appendix B for use by the State of New Jersey and its representatives, agents, contractors and assigns to:

- b. Move, temporarily store and remove equipment and supplies;
- c. Erect and remove temporary structures;
- d. Perform any other work necessary and incident to the construction, periodic renourishment, and maintenance of the Brigantine Inlet to Great Egg Harbor Inlet - Absecon Island Initial Construction Project together with the right of public use and access;
- e. Post signs and plant vegetation on said dunes and berms;
- f. Erect, maintain, and remove silt screens and snow fences;
- g. Facilitate preservation of dune and vegetation through the limitation of public access to dune areas;

h. Trim, cut, fell, and remove from said land all trees, underbrush, debris, obstructions, and any other vegetation, structures, and obstacles within the limits of the easement;

The easement reserves to the Grantor, the Grantor's heirs, successors and assigns the right to construct a private dune overwalk structure in accordance with any applicable Federal, State, or local laws or regulations, provided that such structure shall not violate the integrity of the dune in shape, dimension, or function. Prior approval of the plans and specifications for such structures must be obtained from the City of Margate and the State of New Jersey. Such structures are to be considered subordinate to the construction, operation, maintenance, repair, rehabilitation, and replacement of the project. The easement reserves to the Grantor, the Grantor's heirs, successors, and assigns all such rights and privileges as may be used and enjoyed without interfering with or abridging the rights and easements hereby conveyed to the Grantee, subject however to existing easements for utilities and pipelines, existing public highways, existing paved public roads and existing public streets. Grantor hereby expressly agrees not to grade or excavate within the easement area or to place therein any structure or material other than a dune walkover as referenced above without prior approval of the plans and specifications for said activities from the City of Margate, the State of New Jersey and/or any applicable Federal agency, as required.

Duration of Easement: The easement granted hereby shall be in perpetuity, and in the event that the State of New Jersey shall become merged with any other geo-political entity or entities, the easement granted hereby shall run in favor of surviving entities. The covenants, terms, conditions and restrictions of this Deed of Easement shall be binding upon, and inure to the benefit of the parties hereto and their respective personal representatives, heirs, successors and assigns and shall continue as a servitude running in perpetuity with the land.

Grantee or its Assign(s) to Maintain Beach: The Grantee agrees, consistent with all Federal, State and local statutes and regulations, that at all times it or one of its assigns shall use its best, good-faith efforts to cause the beach area abutting Grantor's lands to be maintained, consistent with any applicable Federal, State or local laws or regulations, notwithstanding any action or inaction of the United States Army Corps of Engineers to maintain the beach area.

Character of Property: Notwithstanding the foregoing, nothing herein is intended or shall be deemed to change the overall character of the Property as municipal property; nothing herein shall be deemed to grant to the Grantee or otherwise permit the Grantee or any other person to cross over or use any part of the Property which is not within the Easement Area; nothing herein is intended or shall be deemed to alter the boundary lines or setback lines of the Property.

Miscellaneous:

1. The enforcement of the terms of this Easement shall be at the discretion of the Grantee and any forbearance by Grantee to exercise its rights under this Easement in the event of any

violation by Grantor shall not be deemed or construed to be a waiver by Grantee of such term or of any subsequent violation or of any of Grantee's rights under this Easement. No delay or omission by Grantee in the exercise of any right or remedy upon any violation by Grantor shall impair such rights or remedies or be construed as a waiver of such rights or remedies.

2. The interpretation and performance of this Deed of Easement shall be governed by the laws of the State of New Jersey.

3. If any provision of this Deed of Easement or the application thereof to any person or circumstance is found to be invalid, the remainder of the provisions of this Easement or the application of such provision to persons or circumstances other than those to which it is found to be invalid, as the case may be, shall not be affected thereby.

4. Any notice, demand, request, consent, approval or communication under this Deed of Easement shall be sent by regular first class mail, postage prepaid and by Certified Mail, Return Receipt Requested, addressed to the mailing addresses set forth above or any other address of which the relocating party shall notify the other, in writing.

5. The captions in this Deed of Easement have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon its construction or interpretation.

6. Structures not preexisting or part of the project are not authorized.

7. Grantor represents and warrants he/she/it holds the requisite ownership interest and authority to execute this Deed of Easement; and has made this Deed of Easement for the full and actual consideration as set forth herein.

8. This Deed may be executed in counterparts by the respective Parties, which together will constitute the original Deed.

IN WITNESS WHEREOF, with the parties understanding and agreeing to the above, they do hereby place their signatures on the date at the top of the first page.

DEED OF DEDICATION AND PERPETUAL STORM

DAMAGE REDUCTION EASEMENT

THIS DEED OF DEDICATION AND PERPETUAL STORM DAMAGE REDUCTION
EASEMENT is made this _____ day of _____ 2014 BY AND
BETWEEN

whose address is

referred to herein as Grantor,

AND

THE STATE OF NEW JERSEY referred to herein collectively as the
Grantee,

WITNESSETH

WHEREAS, Grantor is the owner of that certain tract of
land, located in the City of Margate, County of Atlantic, State
of New Jersey, and identified as those Blocks and Lots listed in
Appendix A, on the official tax map of the City of Margate,
hereinafter the "Property," and Grantor holds the requisite
interest to grant this Deed of Easement; and

WHEREAS, the Grantee recognizes that the beach at the City
of Margate, New Jersey is subject to constant erosion and
degradation, thereby destroying a valuable natural resource and
threatening the safety and property of the Grantor and of all of
the citizens of the State; and,

WHEREAS, the Grantee desires to participate with the United
States Army Corps of Engineers to construct the **Brigantine Inlet
to Great Egg Harbor Inlet - Absecon Island, New Jersey,
Hurricane and Storm Damage Reduction Project**, as defined in the
June 23, 2014 Project Partnership Agreement between the
Department of the Army and the State of New Jersey, hereinafter
"Project"; and,

WHEREAS, construction of the Project includes periodic
renourishment, which may be performed solely by the Grantee or
in conjunction with the United States Army Corps of Engineers;
and,

WHEREAS, in order to accomplish part of the Project,
Grantee needs a Perpetual Storm Damage Reduction Easement on
portions of said Property herein described; and,

WHEREAS, the United States Army Corps of Engineers will not participate in the Project unless the Grantee acquires the real property interest herein described in all real property needed for the Project; and,

WHEREAS, the Grantee shall instruct the City of Margate to consider this Deed of Easement in establishing the full assessed value of any lands subject to such restriction; and

WHEREAS, the Grantor desires to cooperate in allowing the Project to take place on a portion of said Property; and,

WHEREAS, the Grantor acknowledges that it will benefit from the successful implementation of the Project; and,

WHEREAS, the Grantor acknowledges that after successful implementation of the Project the beach and dune are still subject to the forces of nature which can result in both erosion and accretion of the beach and dune; and,

NOW, THEREFORE, in consideration for the benefits to be received by the Grantor from the successful implementation of the Project, the Grantor grants and conveys to Grantee an irrevocable, assignable, perpetual and permanent easement as set forth herein:

GRANT OF EASEMENT: A perpetual and assignable easement and right-of-way for the Brigantine Inlet to Great Egg Harbor Inlet - Absecon Island, New Jersey, Hurricane and Storm Damage Reduction Project, in, on, over and across the portion of the municipal street ends listed in Appendix A as depicted on the map entitled "Perpetual Easement Parcel Map In the City of Margate" dated July 22, 2014 as prepared by Consulting Engineering Services which is attached as Appendix B for use by the State of New Jersey and its representatives, agents, contractors and assigns to:

- a. Construct, preserve, patrol, operate, maintain, repair, rehabilitate, and replace a public beach, dune system, and other erosion control and storm damage reduction measures together with appurtenances thereto, including the right to deposit sand, to accomplish any alterations of the contours on said land, to construct berms and dunes, and to nourish and re-nourish periodically;
- b. Move, temporarily store and remove equipment and supplies;
- c. Erect and remove temporary structures;
- d. Perform any other work necessary and incident to the construction, periodic renourishment, and maintenance of the Brigantine Inlet to Great Egg Harbor Inlet - Absecon Island Initial Construction Project together with the right of public use and access;
- e. Post signs and plant vegetation on said dunes and berms;
- f. Erect, maintain, and remove silt screens and snow fences;
- g. Facilitate preservation of dune and vegetation through the limitation of public access to dune areas;

h. Trim, cut, fell, and remove from said land all trees, underbrush, debris, obstructions, and any other vegetation, structures, and obstacles within the limits of the easement;

The easement reserves to the Grantor, the Grantor's heirs, successors and assigns the right to construct a private dune overwalk structure in accordance with any applicable Federal, State, or local laws or regulations, provided that such structure shall not violate the integrity of the dune in shape, dimension, or function. Prior approval of the plans and specifications for such structures must be obtained from the City of Margate and the State of New Jersey. Such structures are to be considered subordinate to the construction, operation, maintenance, repair, rehabilitation, and replacement of the project. The easement reserves to the Grantor, the Grantor's heirs, successors, and assigns all such rights and privileges as may be used and enjoyed without interfering with or abridging the rights and easements hereby conveyed to the Grantee, subject however to existing easements for utilities and pipelines, existing public highways, existing paved public roads and existing public streets. Grantor hereby expressly agrees not to grade or excavate within the easement area or to place therein any structure or material other than a dune walkover as referenced above without prior approval of the plans and specifications for said activities from the City of Margate, the State of New Jersey and/or any applicable Federal agency, as required.

Duration of Easement: The easement granted hereby shall be in perpetuity, and in the event that the State of New Jersey shall become merged with any other geo-political entity or entities, the easement granted hereby shall run in favor of surviving entities. The covenants, terms, conditions and restrictions of this Deed of Easement shall be binding upon, and inure to the benefit of the parties hereto and their respective personal representatives, heirs, successors and assigns and shall continue as a servitude running in perpetuity with the land.

Grantee or its Assign(s) to Maintain Beach: The Grantee agrees, consistent with all Federal, State and local statutes and regulations, that at all times it or one of its assigns shall use its best, good-faith efforts to cause the beach area abutting Grantor's lands to be maintained, consistent with any applicable Federal, State or local laws or regulations, notwithstanding any action or inaction of the United States Army Corps of Engineers to maintain the beach area.

Character of Property: Notwithstanding the foregoing, nothing herein is intended or shall be deemed to change the overall character of the Property as municipal property; nothing herein shall be deemed to grant to the Grantee or otherwise permit the Grantee or any other person to cross over or use any part of the Property which is not within the Easement Area; nothing herein is intended or shall be deemed to alter the boundary lines or setback lines of the Property.

Miscellaneous:

1. The enforcement of the terms of this Easement shall be at the discretion of the Grantee and any forbearance by Grantee to exercise its rights under this Easement in the event of any

violation by Grantor shall not be deemed or construed to be a waiver by Grantee of such term or of any subsequent violation or of any of Grantee's rights under this Easement. No delay or omission by Grantee in the exercise of any right or remedy upon any violation by Grantor shall impair such rights or remedies or be construed as a waiver of such rights or remedies.

2. The interpretation and performance of this Deed of Easement shall be governed by the laws of the State of New Jersey.

3. If any provision of this Deed of Easement or the application thereof to any person or circumstance is found to be invalid, the remainder of the provisions of this Easement or the application of such provision to persons or circumstances other than those to which it is found to be invalid, as the case may be, shall not be affected thereby.

4. Any notice, demand, request, consent, approval or communication under this Deed of Easement shall be sent by regular first class mail, postage prepaid and by Certified Mail, Return Receipt Requested, addressed to the mailing addresses set forth above or any other address of which the relocating party shall notify the other, in writing.

5. The captions in this Deed of Easement have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon its construction or interpretation.

6. Structures not preexisting or part of the project are not authorized.

7. Grantor represents and warrants he/she/it holds the requisite ownership interest and authority to execute this Deed of Easement; and has made this Deed of Easement for the full and actual consideration as set forth herein.

8. This Deed may be executed in counterparts by the respective Parties, which together will constitute the original Deed.

IN WITNESS WHEREOF, with the parties understanding and agreeing to the above, they do hereby place their signatures on the date at the top of the first page.

EXHIBIT E

RIGHT-OF-ENTRY FOR TEMPORARY WORK AREA

THIS RIGHT-OF-ENTRY FOR TEMPORARY WORK AREA is made this _____ day of _____ 2014 BY AND

BETWEEN

whose address is

referred to herein as Grantor,

AND

THE STATE OF NEW JERSEY referred to herein as the Grantee,

WITNESSETH

WHEREAS, Grantor is the owner of that certain tract of land, located in the City of Margate, County of Atlantic, State of New Jersey, and identified as those Blocks and Lots listed in Appendix A, on the official tax map of the City of Atlantic City; and,

WHEREAS, the property identified in Appendix A and as depicted on the map entitled "Perpetual Easement Parcel Map In the City of Margate" dated July 22, 2014 as prepared by Consulting Engineering Services which is attached as Appendix B is hereinafter referred to as the "Property," and Grantor holds the requisite interest to the Property to grant this Right-of-Entry; and

WHEREAS, the Grantee recognizes that the beach at Absecon Island, New Jersey is subject to constant erosion and degradation, thereby destroying a valuable natural resource and threatening the safety and property of the Grantor and of all of the citizens of the State of New Jersey; and,

WHEREAS, the Grantor desires to participate with the Grantee and the United States Army Corps of Engineers to construct and maintain the Brigantine Inlet to Great Egg Harbor Inlet - Absecon Island, New Jersey, Hurricane and Storm Damage Reduction Project, as defined in the June 23, 2014 Project Partnership Agreement between the Department of the Army and the State of New Jersey, hereinafter "Project"; and,

WHEREAS, in order to accomplish part of the Project, the Grantee needs a Temporary Work Area on said Property; and,

WHEREAS, the Grantor desires to cooperate in allowing the Project to take place on a portion of said Property; and,

NOW, THEREFORE, in consideration of the benefits to be received by the Grantor from the successful implementation of the Project, the Grantor grants and conveys to Grantee an irrevocable, assignable, right-of-entry for temporary work area over the properties identified as those Blocks and Lots listed in Appendix A on the official tax map of the City of Atlantic City as depicted on the map entitled "Perpetual Easement Parcel

Map In the City of Marge" dated July 22, 2014 as prepared by Consulting Engineering Services which is attached as Appendix B as set forth herein:

GRANT OF RIGHT-OF-ENTRY. A temporary right-of-entry and right-of-way in, on, over and across that land of the Property for a period beginning September 29, 2014 and continuing until completion of the Project, for use by the Grantee, United States Army Corps of Engineers and their representatives, agents, contractors and assigns, as a work area, including the right to borrow and/or deposit fill, spoil and waste material thereon, and move, store and remove equipment and supplies, and erect and remove temporary structures on the land and to perform any other work necessary and incident to the continuing construction and maintenance of the Project, together with the right to trim, cut, fell, and remove from said land all trees, underbrush, debris, obstructions, and any other vegetation, structures and obstacles within the limits of the right-of-entry; reserving, however, to the Grantor, Grantor's heirs, successors and assigns, all such rights and privileges as may be used without interfering with or abridging the temporary right-of-entry hereby acquired; subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines.

Character of Property: Notwithstanding the foregoing, nothing herein is intended or shall be deemed to change the overall character of the Property; nothing herein shall be deemed to grant to the Grantee or otherwise permit the Grantee or any other person to cross over or use any part of the Property which is not within the Temporary Work Area; nothing herein is intended or shall be deemed to alter the boundary lines or setback lines of the Property.

Miscellaneous.

1. The enforcement of the terms of this Right-of-Entry shall be at the discretion of the Grantee and any forbearance by the Grantee to exercise its rights under this Right-of-Entry in the event of any violation by Grantor shall not be deemed or construed to be a waiver by the Grantee of such term or of any subsequent violation or of any of Grantee's rights under this Right-of-Entry. No delay or omission by the Grantee in the exercise of any right or remedy upon any violation by Grantor shall impair such rights or remedies or be construed as a waiver of such rights or remedies.
2. The interpretation and performance of this Right-of-Entry shall be governed by the laws of the State of New Jersey.
3. If any provision of this Right-of-Entry or the application thereof to any person or circumstance is found to be invalid, the remainder of the provisions of this Right-of-Entry or the application of such provision to persons or circumstances other than those to which it is found to be invalid, as the case may be, shall not be affected thereby.
4. Any notice, demand, request, consent, approval or communication under this Right-of-Entry shall be sent by regular first class mail, postage prepaid and by Certified Mail, Return Receipt Requested, addressed to the mailing addresses set forth above or any other address of which the relocating party shall notify the other, in writing.

5. No provision of this Right-of-Entry shall be construed against or interpreted to the disadvantage of any of the parties, the parties acknowledging herein that this Right-of-Entry shall be construed that they have jointly participated in the drafting and preparation of this instrument.

6. The captions in this Right-of-Entry have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon its construction or interpretation.

7. Grantee shall at all times keep the Property, except as permitted herein, free of any work-related debris on the Property. The Property shall be restored to the pre-existing conditions at the conclusion of the initial work and after any subsequent disturbance. Grantee shall complete all work in a prompt and diligent manner.

IN WITNESS WHEREOF, with the parties understanding and agreeing to the above, they do hereby place their signatures on the date at the top of the first page.

ADMINISTRATIVE ORDER NO. 2014-14

WHEREAS, beginning on October 28, 2012, and continuing through October 30, 2012, Superstorm Sandy struck the State of New Jersey, causing unprecedented damage and destruction; and

WHEREAS, oceanfront and other flood-prone communities lacking the benefits of flood hazard risk reduction measures experienced significantly more catastrophic damage than did surrounding communities that had such protective measures; and

WHEREAS, by Executive Order No. 104, dated October 27, 2012, Governor Christie declared and proclaimed that a State of Emergency exists in the State of New Jersey; and

WHEREAS, Executive Order No. 104 remains in effect; and

WHEREAS, by Executive Order No. 140, dated September 25, 2013, Governor Christie declared that the continued absence of flood hazard risk reduction measures in coastal communities creates an imminent threat to life, property, and the health, safety, and welfare of those communities; and

WHEREAS, N.J.S.A. 12:3-64 empowers the New Jersey Department of Environmental Protection to enter upon and take property in advance of making compensation therefor where for any reason it cannot acquire the property by agreement with the owner; and

WHEREAS, in Executive Order No. 140 Governor Christie declared that the New Jersey Department of Environmental Protection should rely on the statutory powers of N.J.S.A. 12:3-64 whenever it deems it appropriate to ensure the construction of flood hazard risk reduction measures; and

WHEREAS, in Executive Order No. 140 Governor Christie ordered and directed the New Jersey Department of Environmental Protection, through its Office of Flood Hazard Risk Reduction Measures, to lead and coordinate the acquisition of the necessary interests in real property to undertake flood hazard risk reduction measures; and

WHEREAS, in Executive Order No. 140 Governor Christie ordered and directed that no municipality, county, or any other agency or political subdivision of this State shall enact or enforce any order, rule, regulation, ordinance, or resolution, which will or might in any way conflict with any of the provisions of that Order, or which will in any way interfere with or impede its achievement; and

WHEREAS, Executive Order No. 140 remains in effect; and

WHEREAS, the State and the United States Army Corps of Engineers signed a Project Partnership Agreement (the "PPA") on June 23, 2014 for the Brigantine Inlet to Great Egg Harbor Inlet – Absecon Island, New Jersey Hurricane and Storm Damage Reduction Project (the Project), for the construction, operation and maintenance of the Project; and

WHEREAS, the State is the Non-Federal Sponsor for the project per the PPA, and is responsible for obtaining necessary real estate; and

WHEREAS, on June 27, 2014, the United States Army Corps of Engineers formally issued a Notice to Proceed with acquisition of all necessary real estate for the project; and

WHEREAS, the United States Army Corps of Engineers, in coordination with the State of New Jersey, is scheduled to begin construction of the Project in the City of Margate and the Borough of Longport in or about December, 2014; and

WHEREAS, prior to construction, the United States Army Corps of Engineers requires that the State provide the easements and/or other real property interests that are necessary to construct and maintain the Project; and

WHEREAS, if the State does not obtain all required easements and/or other real property interests in the City of Margate, the United States Army Corps of Engineers cannot construct the flood hazard reduction measures in both the City of Margate and the Borough of Longport; and

WHEREAS, to date, certain private property owners in the City of Margate, whose names and subject interests are attached hereto as *Exhibit A*, have not transferred to the State the real property interests necessary for the construction of the Project, thereby jeopardizing construction of the Project in both the City of Margate and the Borough of Longport, and threatening the public health, safety, and welfare of both communities; and

WHEREAS, there is an immediate need for flood hazard risk reduction measures and the State has not been able to obtain the necessary real property interests by donation; and

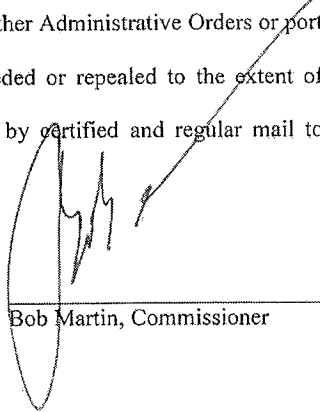

WHEREAS, the immediate acquisition of the real property interests described in *Exhibit A* is necessary to commence construction of the Project in the City of Margate and the Borough of Longport, as well as to the continued protection of the public health, safety, and welfare of both communities; and

NOW THEREFORE, I, Bob Martin, Commissioner of the New Jersey Department of Environmental Protection, by virtue of the powers vested in me by the Constitution and statutes of this State, as well as the authority conferred on me by Executive Order No. 140, do hereby declare and order as follows:

1. The New Jersey Department of Environmental Protection Office of Flood Hazard Risk Reduction Measures hereby immediately enters upon and takes real property interest(s) in those parcels set forth in *Exhibit A*; and
2. The nature of the real property interest(s) taken pursuant to this Administrative Order shall conform with those interest(s) described in the form Deed of Easement attached hereto as *Exhibit B*; and
3. The actual metes and bounds description of the real property interest(s) taken pursuant to this Administrative Order is attached hereto as *Exhibit C*; and
4. Appraisals and good faith negotiations for any compensation due to the owners of such parcels for the interest(s) taken shall be undertaken in a manner not inconsistent with the procedures set out in the New Jersey Eminent Domain Act, N.J.S.A. 20:3-1 et seq. and applicable case law within a reasonable period of time.

THIS ORDER shall take effect immediately. All other Administrative Orders or portions thereof that are inconsistent herewith are hereby superseded or repealed to the extent of the inconsistency. A copy of this Order shall be delivered by certified and regular mail to the property owners detailed in *Exhibit A*.

WHEREAS, the Grantee recognizes that the beach at the City of Margate, New Jersey is subject to constant erosion and degradation, thereby destroying a valuable natural resource and threatening the safety and property of the Grantor and of all of the citizens of the State; and,

WHEREAS, the Grantee desires to participate with the United States Army Corps of Engineers to construct the **Brigantine Inlet to Great Egg Harbor Inlet - Absecon Island, New Jersey, Hurricane and Storm Damage Reduction Project**, as defined in the June 23, 2014 Project Partnership Agreement between the Department of the Army and the State of New Jersey, hereinafter "Project"; and,

WHEREAS, construction of the Project includes periodic renourishment, which may be performed solely by the Grantee or in conjunction with the United States Army Corps of Engineers; and,

WHEREAS, in order to accomplish part of the Project, Grantees need a Perpetual Storm Damage Reduction Easement on portions of said Property herein described; and,

WHEREAS, the United States Army Corps of Engineers and/or State of New Jersey will not participate in the Project unless the Grantee acquires the real property interest herein described in all real property needed for the Project; and,

WHEREAS, the Grantee shall instruct the City of Margate to consider this Deed of Easement in establishing the full accessed value of any lands subject to such restriction; and

WHEREAS, the Grantor desires to cooperate in allowing the Project to take place on a portion of said Property; and,

WHEREAS, the Grantor acknowledges that it will benefit from the successful implementation of the Project; and,

WHEREAS, the Grantor acknowledges that after successful implementation of the Project the beach and dune are still subject to the forces of nature which can result in both erosion and accretion of the beach and dune; and,

NOW, THEREFORE, in consideration for the benefits to be received by the Grantor from the successful implementation of the Project, the Grantor grants and conveys to Grantees an irrevocable, assignable, perpetual and permanent easement as set forth herein:

GRANT OF EASEMENT: A perpetual and assignable easement and right-of-way for the Brigantine Inlet to Great Egg Harbor Inlet - Absecon Island, New Jersey, Hurricane and Storm Damage Reduction Project, in, on, over and across that land of the Property described as the Blocks and Lots listed in Appendix A and as depicted in Appendix B for use by the State of New Jersey and its representatives, agents, contractors and assigns to:

- a. Construct, preserve, patrol, operate, maintain, repair, rehabilitate, and replace a public beach, dune system, and other erosion control and storm damage reduction measures together with appurtenances thereto, including the right to deposit sand, to accomplish any alterations of the contours on said land, to construct berms and dunes, and to nourish and re-nourish periodically;
- b. Move, temporarily store and remove equipment and supplies;
- c. Erect and remove temporary structures;
- d. Perform any other work necessary and incident to the construction, periodic renourishment, and maintenance of the Brigantine Inlet to Great Egg Harbor Inlet - Absecon Island Initial Construction Project together with the right of public use and access;
- e. Post signs and plant vegetation on said dunes and berms;
- f. Erect, maintain, and remove silt screens and snow fences;
- g. Facilitate preservation of dune and vegetation through the limitation of public access to dune areas;
- h. Trim, cut, fell, and remove from said land all trees, underbrush, debris, obstructions, and any other vegetation, structures, and obstacles within the limits of the easement;

The easement reserves to the Grantor, the Grantor's heirs, successors and assigns the right to construct a private dune overwalk structure in accordance with any applicable Federal, State, or local laws or regulations, provided that such structure shall not violate the integrity of the dune in shape, dimension, or function. Prior approval of the plans and specifications for such structures must be obtained from the City of Margate and the State of New Jersey. Such structures are to be considered subordinate to the construction, operation, maintenance, repair, rehabilitation, and replacement of the project. The easement reserves to the Grantor, the Grantor's heirs, successors, and assigns all such rights and privileges as may be used and enjoyed without interfering with or abridging the rights and easements hereby conveyed to the Grantees, subject however to existing easements for utilities and pipelines, existing public highways, existing paved public roads and existing public streets. Grantor hereby expressly agrees not to grade or excavate within the easement area or to place therein any structure or material other than a dune walkover as referenced above without prior approval of the plans and specifications for said activities from the City of Margate, the State of New Jersey and/or any applicable Federal agency, as required.

Duration of Easement: The easement granted hereby shall be in perpetuity, and in the event that the City of Margate or the State of New Jersey shall become merged with any other geographical entity or entities, the easement granted hereby shall run in favor of surviving entities. The covenants, terms, conditions and restrictions of this Deed of Easement shall be binding upon, and inure to the benefit of the parties hereto and their respective personal representatives, heirs, successors and assigns and shall continue as a servitude running in perpetuity with the land.

Municipality to Maintain Beach: The Grantee and/or the Municipality agrees, consistent with all Federal, State and local statutes and regulations, that at all times it shall use its best, good-faith efforts to cause the beach area abutting Grantor's lands to be maintained, consistent with any applicable Federal, State or local laws or regulations, notwithstanding any action or inaction of the State of New Jersey, Department of Environmental Protection or the United States Army Corps of Engineers to maintain the beach area.

Character of Property: Notwithstanding the foregoing, nothing herein is intended or shall be deemed to change the overall character of the Property as private property; nothing herein shall be deemed to grant to the Grantee or otherwise permit the Grantee or any other person to cross over or use any part of the Property which is not within the Easement Area; nothing herein is intended or shall be deemed to alter the boundary lines or setback lines of the Property.

Miscellaneous:

1. The enforcement of the terms of this Easement shall be at the discretion of the Grantee and any forbearance by Grantee to exercise its rights under this Easement in the event of any violation by Grantor shall not be deemed or construed to be a waiver by Grantee of such term or of any subsequent violation or

of any of Grantee's rights under this Easement. No delay or omission by Grantee in the exercise of any right or remedy upon any violation by Grantor shall impair such rights or remedies or be construed as a waiver of such rights or remedies.

2. The interpretation and performance of this Deed of Easement shall be governed by the laws of the State of New Jersey.

3. If any provision of this Deed of Easement or the application thereof to any person or circumstance is found to be invalid, the remainder of the provisions of this Easement or the application of such provision to persons or circumstances other than those to which it is found to be invalid, as the case may be, shall not be affected thereby.

4. Any notice, demand, request, consent, approval or communication under this Deed of Easement shall be sent by regular first class mail, postage prepaid and by Certified Mail, Return Receipt Requested, addressed to the mailing addresses set forth above or any other address of which the relocating party shall notify the other, in writing.

5. The captions in this Deed of Easement have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon its construction or interpretation.

6. Structures not preexisting or part of the project are not authorized.

7. Grantor represents and warrants he/she/it holds the requisite ownership interest and authority to execute this Deed of Easement; and has made this Deed of Easement for the full and actual consideration as set forth herein.

8. This Deed may be executed in counterparts by the respective Parties, which together will constitute the original Deed.

IN WITNESS WHEREOF, with the parties understanding and agreeing to the above, they do hereby place their signatures on the date at the top of the first page.

ADMINISTRATIVE ORDER NO. 2014-15

WHEREAS, beginning on October 28, 2012, and continuing through October 30, 2012, Superstorm Sandy struck the State of New Jersey, causing unprecedented damage and destruction; and

WHEREAS, oceanfront and other flood-prone communities lacking the benefits of flood hazard risk reduction measures experienced significantly more catastrophic damage than did surrounding communities that had such protective measures; and

WHEREAS, by Executive Order No. 104, dated October 27, 2012, Governor Christie declared and proclaimed that a State of Emergency exists in the State of New Jersey; and

WHEREAS, Executive Order No. 104 remains in effect; and

WHEREAS, by Executive Order No. 140, dated September 25, 2013, Governor Christie declared that the continued absence of flood hazard risk reduction measures in coastal communities creates an imminent threat to life, property, and the health, safety, and welfare of those communities; and

WHEREAS, N.J.S.A. 12:3-64 empowers the New Jersey Department of Environmental Protection to enter upon and take property in advance of making compensation therefor where for any reason it cannot acquire the property by agreement with the owner; and

WHEREAS, in Executive Order No. 140 Governor Christie declared that the New Jersey Department of Environmental Protection should rely on the statutory powers of N.J.S.A. 12:3-64 whenever it deems it appropriate to ensure the construction of flood hazard risk reduction measures; and

WHEREAS, in Executive Order No. 140 Governor Christie ordered and directed the New Jersey Department of Environmental Protection, through its Office of Flood Hazard Risk Reduction Measures, to lead and coordinate the acquisition of the necessary interests in real property to undertake flood hazard risk reduction measures; and

42

WHEREAS, in Executive Order No. 140 Governor Christie ordered and directed that no municipality, county, or any other agency or political subdivision of this State shall enact or enforce any order, rule, regulation, ordinance, or resolution, which will or might in any way conflict with any of the provisions of that Order, or which will in any way interfere with or impede its achievement; and

WHEREAS, Executive Order No. 140 remains in effect; and

WHEREAS, the State and the United States Army Corps of Engineers signed a Project Partnership Agreement (PPA) on June 23, 2014 for the Brigantine Inlet to Great Egg Harbor Inlet – Absecon Island, New Jersey Hurricane and Storm Damage Reduction Project (the Project) for the construction, operation, and maintenance of the Project; and

WHEREAS, the State is the Non-Federal Sponsor for the Project pursuant to the PPA and is responsible for obtaining necessary real estate interests; and

WHEREAS, on June 27, 2014, the United States Army Corps of Engineers formally issued a Notice to Proceed with acquisition of all necessary real estate for the project; and

WHEREAS, the United States Army Corps of Engineers, in coordination with the State of New Jersey, is scheduled to begin construction of the Project in the City of Margate and the Borough of Longport in or about December, 2014; and

WHEREAS, prior to construction, the United States Army Corps of Engineers requires that the State provide the easements and/or other real property interests that are necessary to construct and maintain the Project; and

WHEREAS, if the State does not obtain all required easements and/or other real property interests in the City of Margate, the United States Army Corps of Engineers cannot construct the flood hazard reduction measures in both the City of Margate and the Borough of Longport; and

WHEREAS, the Project's design includes a dune and a renourished beach which will extend ocean ward beyond the mean high tide water line, and will thereby extend into certain riparian areas over which riparian grants are held; and

WHEREAS, such real estate property interests over riparian grants that are required for the Project are depicted on the attached map shown in *Exhibit A*; and

WHEREAS, to date, certain owners of riparian grants in the City of Margate, whose last-known names and subject interests are attached hereto as *Exhibit B*, have not transferred to the State the real property interests necessary for the construction of the Project, thereby

jeopardizing construction of the Project in not only the City of Margate but also the Borough of Longport, and threatening the public health, safety, and welfare of both communities; and

WHEREAS, there is an immediate need for flood hazard risk reduction measures and the State has not been able to obtain the necessary real property interests from the riparian grant owners; and

WHEREAS, the immediate acquisition of the real property interests described in *Exhibit B* is necessary to commence construction of the Project in the City of Margate and the Borough of Longport, as well as to the continued protection of the public health, safety, and welfare of both communities; and

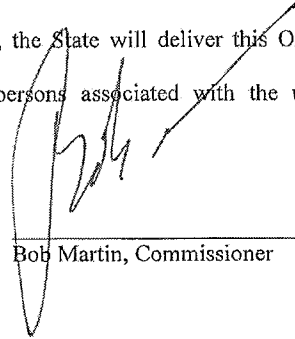

NOW THEREFORE, I, Bob Martin, Commissioner of the New Jersey Department of Environmental Protection, by virtue of the powers vested in me by the Constitution and statutes of this State, as well as the authority conferred on me by Executive Order No. 140, do hereby declare and order as follows:

1. A map depicting the real property interest(s) taken pursuant to this Administrative Order is attached hereto as *Exhibit A*; and
2. The New Jersey Department of Environmental Protection Office of Flood Hazard Risk Reduction Measures hereby immediately enters upon and takes real property interest(s) in those parcels set forth in *Exhibit B*; and
3. The nature of the real property interest(s) taken pursuant to this Administrative Order shall conform with those interest(s) described in the Form Deed of Easement attached hereto as *Exhibit C*; and
4. Appraisals and good faith negotiations for any compensation due to the riparian grant owners for the interest(s) taken shall be undertaken in a manner not inconsistent with the procedures set out in the New Jersey Eminent Domain Act, N.J.S.A. 20:3-1 et seq. and applicable case law within a reasonable amount of time.

THIS ORDER shall take effect immediately. All other Administrative Orders or portions thereof that are inconsistent herewith are hereby superseded or repealed to the extent of the inconsistency. To the extent practicable a copy of this Order shall be delivered by certified and regular mail to the property owners detailed in *Exhibit B*. To further effectuate notice, this

Order and the information contained in its exhibits shall also be published in the newspaper of record, the Press of Atlantic City. To the extent additional information becomes available to the State about the ownership of the subject riparian grants, the State will deliver this Order by certified and regular mail to all new addresses and persons associated with the updated information.

DEED OF DEDICATION AND PERPETUAL STORM

DAMAGE REDUCTION EASEMENT

THIS DEED OF DEDICATION AND PERPETUAL STORM DAMAGE REDUCTION EASEMENT is made this ____ day of _____ 2014 BY AND

BETWEEN

whose address is

referred to herein as Grantor,

AND

THE STATE OF NEW JERSEY referred to herein collectively as the Grantee,

WITNESSETH

WHEREAS, Grantor is the owner of that certain tract of land, located in the City of Margate, County of Atlantic, State of New Jersey, and identified as the **riparian grants** listed in Appendix A on the official tax map of the City of Margate, hereinafter the "Property," and Grantor holds the requisite interest to grant this Deed of Easement; and

WHEREAS, the Grantee recognizes that the beach at the City of Margate, New Jersey is subject to constant erosion and degradation, thereby destroying a valuable natural resource and threatening the safety and property of the Grantor and of all of the citizens of the State; and,

WHEREAS, the Grantee desires to participate with the United States Army Corps of Engineers to construct the **Brigantine Inlet to Great Egg Harbor Inlet - Absecon Island, New Jersey, Hurricane and Storm Damage Reduction Project**, as defined in the June 23, 2014 Project Partnership Agreement between the Department of the Army and the State of New Jersey, hereinafter "Project"; and,

WHEREAS, construction of the Project includes periodic renourishment, which may be performed solely by the Grantee or in conjunction with the United States Army Corps of Engineers; and,

WHEREAS, in order to accomplish part of the Project, Grantee needs a Perpetual Storm Damage Reduction Easement on portions of said Property herein described; and,

WHEREAS, the United States Army Corps of Engineers and/or State of New Jersey will not participate in the Project unless the Grantee acquires the real property interest herein described in all real property needed for the Project; and,

WHEREAS, the Grantee shall instruct the City of Margate to consider this Deed of Easement in establishing the full assessed value of any lands subject to such restriction; and

WHEREAS, the Grantor desires to cooperate in allowing the Project to take place on a portion of said Property; and,

WHEREAS, the Grantor acknowledges that it will benefit from the successful implementation of the Project; and,

WHEREAS, the Grantor acknowledges that after successful implementation of the Project the beach and dune are still subject to the forces of nature which can result in both erosion and accretion of the beach and dune; and,

NOW, THEREFORE, in consideration for the benefits to be received by the Grantor from the successful implementation of the Project, the Grantor grants and conveys to Grantee an irrevocable, assignable, perpetual and permanent easement as set forth herein:

GRANT OF EASEMENT: A perpetual and assignable easement and right-of-way for the Brigantine Inlet to Great Egg Harbor Inlet - Absecon Island, New Jersey, Hurricane and Storm Damage Reduction Project, in, on, over and across that land of the Property described as the riparian grants **listed in Appendix A** and as depicted in Appendix B for the Blocks and Lots listed above for use by the State of New Jersey and its representatives, agents, contractors and assigns to:

- a. Construct, preserve, patrol, operate, maintain, repair, rehabilitate, and replace a public beach, dune system, and other erosion control and storm damage reduction measures together with appurtenances thereto, including the right to deposit sand, to accomplish any alterations of the contours on said land, to construct berms and dunes, and to nourish and re-nourish periodically;
- b. Move, temporarily store and remove equipment and supplies;
- c. Erect and remove temporary structures;
- d. Perform any other work necessary and incident to the construction, periodic renourishment, and maintenance of the Brigantine Inlet to Great Egg Harbor Inlet - Absecon Island Initial Construction Project together with the right of public use and access;
- e. Post signs and plant vegetation on said dunes and berms;
- f. Erect, maintain, and remove silt screens and snow fences;
- g. Facilitate preservation of dune and vegetation through the limitation of public access to dune areas;
- h. Trim, cut, fell, and remove from said land all trees, underbrush, debris, obstructions, and any other vegetation, structures, and obstacles within the limits of the easement;

The easement reserves to the Grantor, the Grantor's heirs, successors and assigns the right to construct a private dune overwalk structure in accordance with any applicable Federal, State, or local laws or regulations, provided that such structure shall not violate the integrity of the dune in shape, dimension, or function. Prior approval of the plans and specifications for such structures must be obtained from the City of Margate and the State of New Jersey. Such structures are to be considered subordinate to the construction, operation, maintenance, repair, rehabilitation, and replacement of the project. The easement reserves to the Grantor, the Grantor's heirs, successors, and assigns all such rights and privileges as may be used and enjoyed without interfering with or abridging the rights and easements hereby conveyed to the Grantee, subject however to existing easements for utilities and pipelines, existing public highways, existing paved public roads and existing public streets. Grantor hereby expressly agrees not to grade or excavate within the easement area or to place therein any structure or material other than a dune walkover as referenced above without prior approval of the plans and specifications for said activities from the City of Margate, the State of New Jersey and/or any applicable Federal agency, as required.

Duration of Easement: The easement granted hereby shall be in perpetuity, and in the event that the State of New Jersey shall become merged with any other geo-political entity or entities, the easement granted hereby shall run in favor of surviving entities. The covenants, terms, conditions and restrictions of this Deed of Easement shall be binding upon, and inure to the benefit of the parties hereto and their respective personal representatives, heirs, successors and assigns and shall continue as a servitude running in perpetuity with the land.

Municipality to Maintain Beach: The Grantee and/or the Municipality agrees, consistent with all Federal, State and local statutes and regulations, that at all times it shall use its best, good-faith efforts to cause the beach area abutting Grantor's lands to be maintained, consistent with any applicable Federal, State or local laws or regulations, notwithstanding any action or inaction of the State of New Jersey, Department of Environmental Protection or the United States Army Corps of Engineers to maintain the beach area.

Character of Property: Notwithstanding the foregoing, nothing herein is intended or shall be deemed to change the overall character of the Property as private property; nothing herein shall be deemed to grant to the Grantee or otherwise permit the Grantee or any other person to cross over or use any part of the Property which is not within the Easement Area; nothing herein is intended or shall be deemed to alter the boundary lines or setback lines of the Property.

Miscellaneous:

1. The enforcement of the terms of this Easement shall be at the discretion of the Grantee and any forbearance by Grantee to exercise its rights under this Easement in the event of any violation by Grantor shall not be deemed or construed to be a waiver by Grantee of such term or of any subsequent violation or

of any of Grantee's rights under this Easement. No delay or omission by Grantee in the exercise of any right or remedy upon any violation by Grantor shall impair such rights or remedies or be construed as a waiver of such rights or remedies.

2. The interpretation and performance of this Deed of Easement shall be governed by the laws of the State of New Jersey.

3. If any provision of this Deed of Easement or the application thereof to any person or circumstance is found to be invalid, the remainder of the provisions of this Easement or the application of such provision to persons or circumstances other than those to which it is found to be invalid, as the case may be, shall not be affected thereby.

4. Any notice, demand, request, consent, approval or communication under this Deed of Easement shall be sent by regular first class mail, postage prepaid and by Certified Mail, Return Receipt Requested, addressed to the mailing addresses set forth above or any other address of which the relocating party shall notify the other, in writing.

5. The captions in this Deed of Easement have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon its construction or interpretation.

6. Structures not preexisting or part of the project are not authorized.

7. Grantor represents and warrants he/she/it holds the requisite ownership interest and authority to execute this Deed of Easement; and has made this Deed of Easement for the full and actual consideration as set forth herein.

8. This Deed may be executed in counterparts by the respective Parties, which together will constitute the original Deed.

IN WITNESS WHEREOF, with the parties understanding and agreeing to the above, they do hereby place their signatures on the date at the top of the first page.

TOLLING AND STANDSTILL AGREEMENT

This Tolling and Standstill Agreement (the "Agreement") is made and entered into as of this 2nd day of October 2014, by and between the City of Margate (hereinafter "Margate") and the New Jersey Department of Environmental Protection (hereinafter, the "DEP") (collectively, the "Parties");

WHEREAS, on or about October 2, 2014, the DEP caused to be recorded in the Atlantic County Clerk's Office Administrative Orders Nos. 2014-13 (Instrument No. 2014054702), 2014-14 (Instrument No. 2014054703) and 2014-15 (Instrument No. 2014054704) (collectively, the "Administrative Orders");

WHEREAS, the Parties have agreed that the passage of time and/or Margate's failure to immediately object to the Administrative Orders shall not in any manner prejudice the rights of Margate;

WHEREAS, the DEP asserts that it has the authority to condemn the property that is subject to the Administrative Orders;

WHEREAS, Margate denies that the DEP has the authority to condemn the property that is the subject of the Administrative Orders; and

WHEREAS, the Parties desire the opportunity to attempt to amicably resolve issues related to the Administrative Orders on a mutually acceptable basis, without commencing a lawsuit, litigation or other legal proceeding at this time, and therefore, after consultation between legal counsel and following negotiations, have agreed to enter into this Agreement.

NOW, THEREFORE, in consideration of the promises set forth herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Margate and the DEP hereby agree as follows:

1. **Incorporation of Recitals:** The paragraphs set forth above are hereby incorporated by reference as though fully set forth herein.
2. **Tolling of All Time Requirements/Periods:** From and including October 2, 2014 (the "Effective Date"), all applicable statutes of limitations and/or any time requirements and/or statutory time limitations (including, without limitation, laches or other defenses or causes of action) for filing any proceedings related to the Administrative Orders are hereby tolled as of the Effective Date through the Termination Date, as defined in Section Five of this Agreement (the "Tolling Period"). If either Party commences a lawsuit, litigation or other legal proceeding against the other party on or before the expiration of the Tolling Period, then such lawsuit, litigation or other legal proceeding shall be deemed to have been filed and commenced on the Effective Date of this Agreement for purposes of applying any statutes of limitations, statutory time limitations and/or any other time requirements (including, without limitation, laches or other defenses or causes of action). If either Party commences a proceeding against the other Party after the expiration of the Tolling Period, all statutes of limitation or any other

defenses will resume excepting only that the Tolling Period will be excluded and omitted from any calculations of time periods.

3. **Preservation of All Rights, Defenses and Causes of Action:** During the Tolling Period, all substantive and procedural rights with respect to any claims, cross-claims, objections and/or defenses related in any manner to the Administrative Orders that either Party was entitled to raise or interpose as of the Effective Date by operation of law or otherwise shall be preserved and shall not be affected in any way by the passage of time or by any other occurrences during the Tolling Period. To avoid any doubt, and without limitation, the Parties agree that Margate's failure to object to the Administrative Orders during the Tolling Period shall not constitute a waiver under N.J.S.A. 20:3-11, or any other applicable legal or equitable authority, nor shall Margate be estopped from asserting the rights expressly preserved herein.
4. **Third Party Beneficiaries:** The Parties agree that owners of real property and/or riparian rights impacted by the Administrative Orders may assert the status of intended third party beneficiaries of this Agreement.
5. **Notice of Termination:** Either Party may, upon five (5) business days' notice to the other Party, terminate this Agreement for any reason that Party deems necessary. The notice required hereunder must be delivered by certified mail or other mailing requiring signature upon delivery. This Agreement shall be deemed terminated, and the Tolling Period shall end, after the fifth day following the receipt of a notice of termination (the "**Termination Date**").
6. **Notices:** All notices related to this Agreement shall be mailed to:

<p>If to Margate:</p> <p>Mayor Michael Becker 9001 Winchester Avenue Margate, NJ 08402</p> <p>With a copy to:</p> <p>Rob Andrews Jordan Rand Dilworth Paxson LLP 1500 Market Street, Suite 3500E Philadelphia, PA 19102</p>	<p>If to the DEP:</p> <p>Commissioner Bob Martin New Jersey Department of Environmental Protection 401 East State Street 7th Floor, East Wing P.O. Box 402 Trenton, NJ 08625</p> <p>With a copy to:</p> <p>David C. Apy, Assistant Attorney General New Jersey Office of the Attorney General Division of Law, Director's Complex R.J. Hughes Justice Complex 25 Market Street P.O. Box 112 Trenton, NJ 08625</p>
---	--

7. **Effect of Agreement:** Neither this Agreement nor any act any Party takes under, or pursuant, to this Agreement shall operate or be construed as an admission of any wrongdoing, liability, or

culpability by any Party or as an admission by any Party of the existence of any claims against the other, nor shall this Agreement constitute a waiver of any claim, cross-claim, right, liability, privilege and/or defense that could have been asserted as of the Effective Date, and no Party shall, by reason of this Agreement, be estopped from asserting any such claim, cross-claim, right, liability, privilege and/or defense.

8. **Agreement Jointly Drafted:** The language of this Agreement has been negotiated and is a product of the draftsmanship of both Parties, and shall, in all cases, be construed as a whole according to its objective and fair meaning and no ambiguity, if any be found, shall be interpreted in favor of or against either Party.
9. **Authorization to Execute:** The Parties represent and warrant that: (i) each has the power and is duly authorized to enter into this Agreement upon the terms set forth herein, and (ii) upon being duly executed and delivered, this Agreement shall constitute a legal, valid, and binding obligation enforceable against it in accordance with the Agreement.
10. **Entire Agreement:** This Agreement constitutes the entire agreement between the Parties regarding the Administrative Orders and the tolling of any right, liability, privilege, objection or defense which may be asserted as to the Administrative Orders. This Agreement supersedes any and all prior agreements and understandings between the Parties pertaining to this matter. No oral statements by any person shall, in any manner, amend, modify or amplify the terms and provisions of this Agreement. This Agreement shall not be amended, modified or amplified without a specific written provision to that effect executed by both Parties.
11. **Choice of Law:** This Agreement is made and entered into in the State of New Jersey and shall, in all respects, be interpreted, enforced and governed under the laws of this State. Such administrative or judicial body as may have jurisdiction over the dispute between the Parties hereto shall have exclusive jurisdiction over any and all disputes arising out of or relating to, directly or indirectly, the interpretation, application or alleged violation and enforcement of any provision of this Agreement.
12. **Execution in Counterparts:** This Agreement may be executed in one (1) or more counterparts, all of which shall be considered a single and the same, and shall become effective when one (1) or more counterparts have been signed by each Party. It is understood that the Parties need not sign the same counterpart. An electronic copy or facsimile of either Party's signature below shall have the same force and effect as an original.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the date set forth above.
